THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Deerfield in the County of Rockingham in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at G. B. White Building in said Deerfield, on Tuesday, the twelfth day of March, next at ten of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.

2. Are you in favor of the adoption of Amendment No. 1 as proposed by the Planning Board for the Town Zoning Ordinance as follows: (The amendment proposes allowing bed and breakfast establishments with up to four bedrooms and establishes parking requirements for bed and breakfast establishments.)

3. Are you in favor of the adoption of Amendment No. 2 as proposed by the Planning Board for the Town Zoning Ordinance as follows: (This amendment would allow graduated road specifications for private ways based upon traffic flow. It would also require a 50' right-of-way and a "build-out" conceptual plan to ensure that any future growth takes place in an efficient manner.)

4. Are you in favor of the adoption of Amendment No. 3 as proposed by the Planning Board for the Town Zoning Ordinance as follows: (This amendment would allow flexibility in the layout of subdivision lots so that structures may be better situated on the land. It does not change the type or number of structures allowed on a parcel. An open space development would be allowed on parcels with 16 contiguous acres and 600' of road frontage. The intent of this article is to protect and preserve the town's open space and natural resources.)

5. Are you in favor of the adoption of Amendment No. 4 as proposed by the Planning Board for the Town Zoning Ordinance as follows: (This is a housekeeping amendment which would correct the reference to the State Statutes for the definition of junk-yard.)

6. Pursuant to RSA 41:8a & b: Are you in favor of increasing the Board of Selectmen to five (5) members?

THE POLLS ARE TO OPEN AT 10:00 A.M. AND WILL CLOSE NOT EARLIER THAN 7 PM

Given under our hands and seal, this 18th day of February, in the year of our Lord nineteen hundred and ninety-one.

Sanborn, Chairman, Board of Selectmen; Attorney David Connell, Town Counsel; James A. McIntyre, Moderator; Cynthia E. Heon, Town Clerk/Tax Collector; Jeanette Foisy, Deputy Town Clerk/Tax Collector. Also present was the Assistant Moderator, George Owen as well as the Supervisors of the Checklist Willis Rollins, Jr., George Putnam, and Warren Billings, Jr.

The Moderator stated that the Meeting would be governed by Roberts Rules as modified by the Moderator. He indicated that there would be a five minute limit on each speaker but that the speaker could return to the microphone. All speakers should proceed to a microphone. Questions and remarks will be handled through the Moderator. The rules of decorum will be observed.

The Moderator then reviewed the rules of the bond issue stating that it would require a secret ballot. He also indicated to the meeting that in order for it to pass it would require a 2/3 majority.

The Moderator noted that in addition to the Bond Issue other items included in this meeting would be the reading of the Report of the Town Hall Committee and a Sense of the Meeting was to be achieved concerning the use of the George B. White School Property-- requested by the Board of Selectmen.

The Moderator then read Article 1.

1. To see if the Town will vote to raise and appropriate the sum of \$925,000.00 for the settlement of certain tax abatement cases involving Public Service Company of New Hampshire for tax years 1981, 1982, 1983, 1986, 1987, 1988, and 1989; and to authorize the issuance of not more than \$925,000.00 of bonds or notes in accordance with the provisions of the Municipal Finance Act (RSA 33) and to authorize the Selectmen to issue and negotiate such bonds or notes and to determine the rate of interest thereon and determine the maturity and other terms thereof and to take such other actions as may be necessary to effect the issuance, negotiation, sale and delivery of such bonds and notes as shall be in the best interest of the Town of Deerfield (Two-Thirds ballot vote required)

James Alexander, Member of the Board of Selectmen, placed a motion on the floor to adopt Article 1 as read. Seconded by Winfred Hutchinson, Jr., Member of the Board of Selectmen.

The Moderator stated that at this time the chair would recognize Attorney Richard Upton of the Law Firm of Upton, Sanders and Smith who represent the Town of Deerfield in the Case of PSNH vs. Town of Deerfield. As Attorney Upton approached the Platform, the Moderator stated that he would read a letter addressed to the Board of Selectmen dated October 18, 1990.

Attorney Upton began his address to the Meeting by saying that he was not here to alarm anyone nor overstate or understate the situation. At a public hearing, he was asked what would happen we refused to appropriate the money. He then covered the laws governing that situation.

The following was brought to the attention of the Meeting:

1. After a judgment is obtained, a writ of execution would be issued to the County Sheriff directing him to seize and sell the Town's property.
2. Selectmen could be directed to collect the amount by taxation.
3. The Selectmen would be obligated to issue a one time tax and issue a warrant to the Tax Collector. Non-payment of the tax would be the same as any other unpaid tax. Attorney Upton estimated the cost of the one-time tax to be about \$10.50 per thousand.
4. The tax would be due in 30 days. If not collected within 60 days, it would be levied against the goods and estates of the Selectmen in office at the time and if that was not found then it would be levied against the inhabitants and then to the non-residents.

After discussions with PSNH representatives, be assured that the company will not walk away from the collection of the sum due. The amount would only increase. With regard to the liability falling back on the Selectmen in office at the time, there is a 3 year statute of limitations in New Hampshire.

The Moderator thanked Attorney Upton for his presentation and then recognized James Alexander, Member of the Board of the Board of Selectmen.

James Alexander stated that he felt that Attorney Upton had said anything he could say. He also urged the passage of this Article.

At this time, the Moderator recognized Joseph Stone, Chairman of the Municipal Budget Committee. Mr. Stone told the Meeting that the Municipal Budget Committee voted, as is customary, on this expenditure and the vote was unanimous to approve the \$925,000.

Discussion began.

Bob Ashforth asked if the Board of Selectmen were to determine the rate and term of the bond and if it would be proper to discuss the options at the meeting. The Selectmen deferred to Attorney Connell. Attorney Connell stated that it was the opinion of the Bond Counsel and DRA that those items could be discussed and amended. It was also the opinion of the bond counsel and the bond bank that it was not a good idea to tie the hands of the Selectmen. The bond market could change. Mr. Ashforth then asked if anyone had any figures on the cost of the different bonds. Winfred Hutchinson, Jr., member of the Board of Selectmen then read all of the figures for the 5, 10 and 15 year bonds. B. Kerry Woods asked for a further break out of interest for each bond. Mr. Hutchinson read what the interest would be. There were suggestions from the floor that it be paid in one year.

Father Gerald Joyal asked of Attorney Upton if there was some way the system could bill for only the years that a person has lived in the Town of Deerfield as he has only lived here for two years and found this unfair. Attorney Upton stated that there was nothing in the system that would allow this. Jolene Smith indicated that if we did that we would also have to tax those who moved away. She felt that the real concern was the cost of this plus the school and the town. Bob Ashforth asked that at some point a sense of the meeting be taken as to the term. Paula McCoy directed a question to Attorney Upton as to whether or not we had any liability insurance that would cover this. Attorney Upton responded by saying that it would still fall under the three year statute of limitations. Mrs. McCoy then asked what about the last three years. Attorney Upton indicated that the values had been changed by then and it was considered a different issue. Mrs. McCoy asked the Board of Selectmen to at least look into what could be recouped, if anything, from insurance companies. Stacy Lambert asked which bond the Selectmen were leaning towards and whether or not a resident could pay their portion in one year. Mr. Alexander stated that the Board was leaning to the 10 Year Bond and that one could not pay their portion ahead. The question was posed again about only paying for the time you have lived in Deerfield. Attorney Upton again responded. Victor Motz wanted to know why a portion of the bond could not be paid ahead. Attorney Connell explained that as a group we could agree to pay some by bond and some by taxation. Richard Granger questioned whether this included the adjustment for current use and all of the Public Service lands. Winfred Hutchinson, Jr. answered by saying this is as close as they can come. There are still some small pieces of land to be done for PSNH but the major ones were done. He also said that there was no report available at the Meeting with the Current Use figures. John Mason asked of Attorney Upton if all avenues of appeal had been exhausted and if he felt it was a lost cause. Attorney Upton stated that this case was not capable of appeal and that in his judgment the best thing to do would be to practice damage control. Joseph Heald questioned whether the rate was fixed or adjustable and was PSNH willing to negotiate. It was answered that the rate was fixed. Attorney Upton indicated that PSNH would not accept payments for 10 years or 5 years. He had tried that before. Harriet Cady then addressed her concerns first to the Board of Selectmen. She asked if the figures might not be unstable since they were figured on 1988 evaluations. Mr. Alexander stated that the figures we have are based on the current tax base. If these change the tax rate would change by the same percentage. Mrs. Cady then asked Attorney Upton to explain the discrepancy in an appraisal of PSNH of \$14 million and a letter written to the Board of Selectmen from DRA indicating \$6 million. Her concern being that the difference between these two would create an abatement again this year. Attorney Upton said that he had not seen the \$14 million appraisal obtained from David MacArthur but Mr. MacArthur was an experienced appraiser that used the Londonderry Formula. DRA computes theirs by a method which he opposes because the value is too close to the original investment value and no where near the current value. The only place that worked was at Seabrook where all the construction was new. They appeal year after year. Because the Londonderry Formula was used they would probably not appeal but he could not guarantee that. Donald Gorman raised the question that because there were several towns involved was there the possibility of a class action suit if these towns got together. Attorney Upton answered this by saying that he had done this in 1978 and lost. The motion to rehear was also denied. There would have to be a legislative change.

Jonathan Winslow made a motion to move the question.
Seconded by Nancy Ladd.

Point of Order by Richard Granger. He asked the Moderator to take the Sense of the Meeting requested previously as to the 5, 10, or 15 year bond. The Moderator said that it was only a Sense of the Meeting and could be taken before or after the vote.

Harriet Cady asked for a Point of Clarification. If the bond was voted down didn't we immediately become liable for \$375,000 plus interest? James Alexander, Member of the Board of Selectmen said we would be required to immediately pay to PSNH \$375,000 approximately plus accrued interest.

Point of Clarification

Joseph Stone, Municipal Budget Committee Member reminded the Meeting that interest would be all over.

The Moderator called for the vote to close debate and move the question. It was a voice vote in the affirmative and so declared.

The Moderator indicated that the chair would now call for the Sense of the Meeting as to whether the meeting would direct the Selectmen to purchase a 5, 10 or 15 year bond. It was a hand vote and the results were as follows:

Five Year	96
Ten Year	62
15 Year	2

The Moderator declared this the Sense of the Meeting and that it was not binding but a directive for the Board of Selectmen.

At 11:15AM the Moderator declared the Polls open. He stated that they would remain open for one hour.

The Moderator called the Meeting to Order at 11:40AM.

The Moderator stated that the polls must stay open until 12:15PM in the meantime, however, there was other business to come before the Meeting.

The Moderator asked Joanne Wasson to step forward and give a report of the Town Hall Committee regarding the work done in the Town Hall. Mrs. Wasson began by saying that the Committee was appointed by the Board of Selectmen and consisted of Joanne Wasson, Nettie Farr (Co-chairs), James McIntyre, Richard Mailhot, Richard Boisvert and George Clark. What she presented was the minutes to their October 12th Meeting.

It was meant as an indicator of the direction in which they think the Town should go. The results of the survey they had done are as follows:

1. Do you think the Town Hall reflects the wishes of the voters at the last March Town Meeting?

Yes 13
No 114

2. Do you think the subject of Town Office space should be brought up at the Special Town Meeting to be held in October?

Yes 114

No 12

This report is a result of the survey. The recommendation that this Committee would make above all would be that the Town Hall would be kept in tact, under Town control, for use for Town purposes, meetings of moderate size and community functions such as the Pawtuckaway Arts Festival or the Historical Society. With regard to the removal of the partially constructed partitions, it is recommended that volunteer help be used to minimize the cost and that guidance be sought in doing this to avoid further damage. The Committee will be exploring what can be done to maximize public use while preserving its original features. Mrs. Wasson stated that she did have a few copies of the minutes available at the Meeting and wished to point out that the Fire Chief, George Clark had been very helpful in determining any fire hazards. One item that is being looked at was to open up the third set of doors in the front of the Town Hall. It was his opinion that this would help with the safety rating of the building. The fact that this building is in the Historic Registry should in no way detract from its use as a Town building. We do want to emphasize that we feel that this is something that is bigger than the Board of Selectmen and bigger than our Committee and we think that a full body of people at Town Meeting should finally consider this. The Committee felt that it should limit its recommendation to the Town Hall itself and not become involved in the removal of the Town Offices to the George B. White School. Haste, without planning, had caused damage and financial loss already haste again might be equally inappropriate.

The Moderator recognized James Alexander, member of the Board of Selectmen who stated that the Board of Selectmen would accept their report of progress and extend the Board's thanks to all the people on the Committee. There will be a Warrant Article to be brought before the March Town Meeting.

The Moderator then stated that the other item was at the request of the Selectmen to achieve a Sense of the Meeting concerning the use of the George B. White Building. The Moderator called on James Alexander.

Mr. Alexander said that it was unclear to the Board of Selectmen after last March's Town Meeting as to whether or not the taxpayers wanted the Town to enter contractual agreements with those who wish to rent space in the George B. White Building. What we are asking for is a Sense of this Meeting to allow the Town to enter into agreements with future occupants. We could generate income rather than have it sit there as a costly expense.

The Moderator opened this topic for discussion reminding the Meeting that it was not binding.

Ralph Sullivan and Robert Ashforth spoke to the positive aspects of rental. Mr. Ashforth asked if they were considering putting it on the market. Mr. Alexander said that it was a viable option they would look at. Mr. Sanborn indicated that the Town could not sell property without the vote of a Town Meeting.

At this point there was a brief power outage.

John Mason asked about the condition of the building and what types of tenants were they hoping to attract. Mr. Hutchinson said the major repairs had been done; the roof and broken pipes. There were only a couple of more things to make it inhabitable. Mr. Hutchinson also spoke to potential tenants we being either office, light manufacturing or small retail businesses. B. Kerry Woods urged the rental at a reasonable and fair rate. He also asked if the Police Department was, in fact, moving into the building. Mr. Hutchinson said the reasons for doing that were because the building where the Police Department currently is needs a tremendous amount of work and it would provide for building security. Nancy Ladd stated that, speaking as just one citizen, she would like to see all of the Town Offices in the George B. White School. She also commented that because the building was vacated by the School the money needed for repair should come out of the School Budget. There was a round applause. Brief discussion continued as to fair rental rates, entertaining a longer lease for better stability and to use the school for all town offices. Harriet Cady indicated that because it was recently appraised at \$ 291,000 it would be worth it to her, as a taxpayer, to keep the building and have the use of it for our Town Offices. Reports have been received that the Town Hall is in violation of fire codes and handicap access. Mrs. Cady mentioned that at a recent Budget Committee meeting they learned that one reason we are not getting more money into the Town is because the Town Clerk's Office is not handicap accessible, therefore, the State has said no to the issuing of plates. She urged the meeting to indicate to the Selectmen to use and lease the building. Ralph Sullivan moved to close debate and move the question. Seconded by Jonathan Winslow. The Moderator then called for the Sense of the Meeting to direct or urge the Selectmen to rent out space at the George B. White School. It was a voice vote in the affirmative and so declared. The Sense of the Meeting was achieved.

Jolene Smith asked of the Board of Selectmen if this would leave the option open for the Town Offices to move there. Mr. Hutchinson answered for the Board that there would still be room for the Town Offices. James Alexander felt that this should not be discussed today as there would be a warrant article at the March Town Meeting. Harriet Cady mentioned that it might be appropriate to use the money spent on heat at the Town Hall at the George B. White.

The Moderator announced at this point that the Polls would close in three minutes.

James Alexander answered Mrs. Cady's question by stating that there would be no money to do the necessary renovations. The unfortunate money that was spent downstairs was specifically earmarked for that purpose. Ralph Sullivan asked if there could be a show of hands regarding the move of the Town Offices. The Moderator stated that that was not appropriate at this time. Chris Hatfield indicated, and it was confirmed by the Board of Selectmen, that we had voted not to move the Town Offices there at last March Town Meeting. She further stated that she was not opposed to the use of the building but did not want to see the Town Hall left empty.

The Moderator declared the polls closed at 12:15PM. The counting of ballots began immediately. Election Officials during the balloting were Victoria Hall, Constable; Irene Shores, Nettie Farr, and Jennie Owen, Checklist; George Owen Assistant Moderator. The ballot counters were: Frank Sawyer, Nancy Ladd, Richard Granger, Gus Csuka, Warren Guinan, Ella Sawyer, Nancy Ladd and Jonathan Hutchinson.

Discussion went back and forth as to whether or not a Sense of the Meeting should be called for on the movement of the Town Offices. The Moderator stated that it was non-binding, however, the question is: The meeting wishes to urge the Selectmen to place an Article in the Warrant of the March Town Meeting to ascertain whether to move the Town Offices to the George B. White School. The Moderator called for the Sense of the Meeting. It was a voice vote in the affirmative and the Moderator declared the Sense of the Meeting is achieved.

At 12:20PM the Moderator reread Article 1. The Moderator then read the results of the Secret Ballot.

Total Ballots Cast	200
YES	161
NO	38
BLANK	1

It was a vote in the affirmative and so declared. The motion carries (\$925,000 raised and appropriated).

2. To transact any other business that may legally come before this meeting.

There being no further business to come before the Meeting and on the motion of Robert B. Sanborn, Seconded by James T. Alexander, the Moderator called for the vote to adjourn. It was a voice vote in the affirmative and so declared. The Meeting is adjourned.

The Philbrick-James Library acknowledges all gifts and donations in 1990 by generous groups and individuals. Special thanks to our volunteers who continue to work to promote the library goals in the community.

We are striving to meet state standards for accreditation. For a town of our size (under 3000), we must be open at least 22 hours a week. With one additional hour added on Tuesday, we are now open a total of 21 hours per week: 19 paid and 2 volunteer.

Much progress has been achieved and we ask for your continued support in making our goals for a better public library a reality in the near future.

SELECTMEN'S REPORT

The year proved to be one of significant challenges. As in any year there is success and failure to report. On the plus side the significant items are:

1. The closure of the dispute with Public Service Co. over tax abatements for previous years.
2. The further implementation of the data processing system in the Town Clerk/Tax Collectors office and use of the system in budget development for 1991.
3. Even though welfare and assistance costs are escalating we were able to keep spending down and not overspend the budget.
4. Police operations were moved to the G. B. White building.
5. A new roof was installed on the center section of the building G.B.W. and insulation was installed in the metal addition and the roof of that building coated.
6. The reassessment though not without problems was completed.

The year 1991 looks to be shaping up to be a difficult year. It is expected that general assistance requests will increase, and that cash flows will be very erratic which will require borrowing money in anticipation of taxes. The Selectmen's office has restructured itself to meet the challenges. We wish to go forward with the implementation of the system and a cash flow analysis report developed by S. Jorgenson and the Town Treasurer. We took a hard look at every line in the budget and cut where we felt the benefits in efficiency and made the increase worthwhile.

REPORT OF THE HIGHWAY AGENT

This last year has proven to be busy and rewarding. Due to drainage problems on many of the town roads, the Highway Department has cleaned out or had to replace numerous culverts and has done extensive ditching on many roads. This has proven to be beneficial to those people who travel town roads where ice and water has been a problem in the past and with many areas yet to be done.

This last year the highway department has rebuilt three different pieces of highway; Cotton Road, South Road and Mount Delight Road with great success.

Shimming was done in some areas of town to divert and alleviate water sitting in the roads and causing the tar to break up with the constant pounding of vehicles traveling on the road surface.

The highway department has been working with and through the Deerfield Volunteer Fire Department to clean and maintain fire holes for the protection of people and property.

As Highway Agent, I wish to thank the people of Deerfield for their cooperation through out the past year.

David P. Twombly
Highway Agent

RESCUE SQUAD REPORT

The rescue squad is a volunteer organization that provides basic and advanced emergency medical care for the Town of Deerfield and surrounding towns upon request.

During the past year the squad added two new members, David and Robin Jodoin. At the end of the year one of our original members, Judy Sullivan, announced her retirement. The squad would like to take this opportunity to thank Judy for her many years of dedicated service -- your time and dedication will be missed.

The following is a breakdown of emergency incidents received by the squad for 1990. These calls do not include any incidents responded to on the fairgrounds during the fair.

Motor Vehicle Accident	14	Cardiac	14
Head/Neck Injury	3	Respiratory	2
Allergic Reaction	1	Poisoning	3
Medical Emergency	35	Canceled Calls	1

We would like to thank the members of our community for your continued support. This support allows members to maintain their current level of certification or to enhance their skill levels in order to provide the best possible service for our town.

SOLID WASTE COMMITTEE REPORT

The solid waste committee is a group of volunteers which meets monthly to facilitate recycling projects, address issues regarding management of the landfill, and consider future concerns surrounding waste disposal. In addition to monthly meetings, committee members also attend New Hampshire Resource Recovery Association meetings in order to keep current with recycling trends as well as solid waste management innovations in other New Hampshire towns.

Following approval at the March 1990 Town Meeting the committee applied for and received two matching grants for recycling projects.

The first grant of \$2,800 from New Hampshire the Beautiful was matched by funds from the Town capital reserve fund and was used to purchase a baler. The baler will be used to consolidate plastic, paper and cardboard once a structure is built to house it. Previous plans to purchase a granulator were dropped due to the uncertain future of granulated plastic.

Notification of the second grant of \$10,000 from the Office of State Planning was received in December 1990. This money will be matched by funds from the capital reserve fund for a total of \$20,000 and will be used to construct a building at the landfill. Building specifications were being drawn up by the committee at the time this report was submitted in January.

Aluminum and other metal recycling have continued throughout the year. Sale of Aluminum cans brought in \$820.95 to the Town's general fund in 1990. Management of the metal pile has improved to the point that collection in October 1990 netted \$1,300. Aluminum can recycling was also begun at the Deerfield Fair.

Mandatory closure of our landfill is expected within the next couple years. Associated with closure the Town will have to develop a transfer station and transport waste to a commercial or regional facility. Closure and transferring waste will have a significant impact on our tax bills. Aggressive recycling will do much to offset present and future waste disposal costs.

PLANNING BOARD REPORT

The Planning Board received a total of 5 applications for subdivisions, all of which were for minor subdivisions. The approvals granted resulted in a total of 6 new lots being created. The Board collected a total of \$4,794 in off-site assessment fees from the developers of those lots. These fees are intended to be used on roadway improvements in the vicinity of the approved subdivisions to offset their impact on the Town's roadway system.

The Board received 22 applications for driveway permits. Eighteen applications were approved, two were denied, and two are still pending.

A site plan application was received from Point of View farm for the addition of a new barn. The application was approved by the Board in September, following two public meetings.

The Board reviewed two applications for earth excavation permits, both on Cotton Road. The first was for a new operation on about one acre on lot owned by the Higgins Estate. The second was for the renewal of a permit for the Plaid Corporation, previously issued to Quality Homes of New Hampshire.

Due to the economic slow-down, and a reduction in the Board's budget at the 1990 Town Meeting, the Board reduced the number of regularly scheduled meetings to one per month beginning in April. A total of 15 regular meetings were held, 9 workshop meetings, 2 public hearings associated with proposed zoning amendments, and 3 informal public meetings. The informal meetings were a suggestion of Joe Dubiansky. The intent of the meetings was to obtain input from the public on what the Board should do in future planning for the Town. The meetings were reasonably well attended and provided the Board with guidance in developing future plans for the Town.

In March, the Board elected officers for the year, consisting of Fred McGarry, Chairman; Phil Bilodeau, Vice-Chairman; and Steven Malvey as Alternate. In July the Board accepted with regret the resignation of Mr. Malvey. Steve had been an Alternate to the Board for two years and worked on several subcommittees.

In August, the Board appointed Mrs. Fran Menard as an alternate to replace Mr. Malvey.

The Board is proposing four (4) amendments to the Town's Zoning Ordinance, including the establishment of an Open Space Ordinance. The Board urges the Town to carefully review the amendments and to support those amendments at the Town Meeting.

Frederick J. McGarry, P.E.
Chairman

ZONING BOARD OF ADJUSTMENT REPORT

The Board of Adjustment was first established in 1970 within the Deerfield Zoning Ordinance as required under what is now RSA 673:1, IV. Its five members are appointed by the selectmen for staggered 3 year terms. Alternate members are also appointed for three year terms. As provided by vote of the Town Meeting the Board of Adjustment also acts as the "Building Code Board of Appeals."

During 1990 the Board revised and updated its by-laws (adopted in 1970, revised 1979 & 1989) to the "Rules of Procedure" required by RSA 676:1 for all land use Boards. A copy of this document is on file with the Town Clerk as well as procedures for joint hearings with the Planning Board.

The Board met once in July in a joint hearing with the Planning Board on a gravel excavation proposed on Cotton Road and on July 3, 1990 granted a special exception to the applicant with stipulations based on recommendations resulting from the joint hearing. In addition the Board of Adjustment held public hearings on twelve other applications during the year. Two applicants were denied and ten requests were granted with stipulations or conditions as noted in the decisions posted. Most cases are requests for variances involving setbacks and/or frontage requirements of the ordinance.

Application for appeals to the "ZBA" may be obtained from the Selectmen's Office, Building Inspector or Planning Board. Completed applications, with appropriate fees and mailing costs, should be received by the Board fifteen days prior to the fourth Tuesday of the month in order to be on the hearing list for that month because of the noticing requirements for the public and abutters.

We are pleased to announce that in addition to its five members, the Board now has five appointed alternate members. The NH Municipal Association, Office of State Planning and Southern NH Planning Commission provide good informational material and even training sessions during the year. The Selectmen try to balance the ZBA with members and alternates reflecting the changing population of Deerfield and it is increasingly difficult to know everyone.

Clerk

PARKS & RECREATION REPORT

This past year has seen the facilities of the Bicentennial field being extended to its upmost use. From April through July the Deerfield Youth Baseball Teams are constantly using the field. Due to the number of teams participating we are now looking for additional playing areas that can be utilized to satisfy these needs. In the fall the Deerfield Community School soccer teams hold their practices and their games down at the complex. Also using the playing areas were the Deerfield Bucks, and many towns-people who played softball, baseball and soccer there.

Considering the number of people who use the field and the annual budget to provide the facilities, this appears to be the best bargain in town. Our sincere thanks to all of you who volunteer your help in working with all the young children and with the Annual Field Day.

This year we were happy to authorize the formation of a basketball program under the direction of Doug Leavitt and Ted Macdonald for youths aged 7-14 at the Deerfield Community School. This program runs from November through March and based upon the turnout has become a very popular program with the kids.

For those people who are relatively new to the Town this area was part of a large acreage given to the Town back in the early 1960's by Mrs. Madelyn Lindsey. About 10 acres was given to construct an athletic complex. Another section was developed by the school as a ropes course. The remaining land was set aside as a wildlife and bird area. Under the terms of the deed the school was always to be given first use of the area.

If you have any comments regarding the Bicentennial Field, please feel free to communicate them to any member of the commission. We welcome all constructive criticism.

HISTORIC DISTRICT COMMISSION REPORT

The Deerfield Historic District Commission's first action during 1990 was to publish a Statement of Purpose in the Ledger. The Commission's stated objectives were to protect Deerfield's physical and cultural heritage in the least restrictive way and to undertake a survey of citizens to discover what citizens believe make Deerfield unique and special.

The Commission acquired four new members during 1990. Joining Laura Guinan, Irene Shores, and Dave Connell were Dick Boisvert, Joe Sears, Jim Stenberg, and Kay Williams. Their combined talents and ideas have been a great asset to the Commission.

The Commission also elected new officers. The Chairman is Laura Guinan, the vice-chairman is Kay Williams, and the secretary is Irene Shores.

The Commission was asked by the chairman of the Town Hall Restoration Committee to write a letter concerning the renovations which had been undertaken on the first floor of the Town Hall. The letter expressed the opinion of the Commission that any renovations made to the Town Hall should take into account its status on the National Register of Historic Places.

The Commission received permission from the Selectmen to undertake the Community Cornerstones Project recommended by the Governor's Commission on the 21st Century. This is a survey of citizens designed to help a community identify its physical and cultural assets. The Commission plans to initiate this project before the 1991 Town Meeting.

The Commission is also supporting legislation recommended by the Governor's Commission on the 21st Century which would enable communities to create local Heritage Commissions, similar to the present Conservation Commissions, to protect communities' physical and cultural resources. Dave Connell will be sponsoring the bill during this session of the General Court.

THE ROCKINGHAM COUNTY COMMUNITY ACTION PROGRAM, INC. REPORT

Rockingham County Community Action Program, Inc. (RCCAP) is a private, non-profit corporation. Our mission is to serve the multitude of needs of Rockingham County's low-income residents by assisting them in coping with the hardships of poverty and seeking to eradicate the root causes of poverty. RCCAP has been addressing these needs for more than twenty-five years.

The Greater Raymond Community Action Center is an outreach office of RCCAP which serves residents of Deerfield and 14 other communities, and as such acts as Deerfield's central resource for information regarding all available human services. RCCAP also offers intake, clinic and distribution sites in over half of the county's thirty-seven communities for the application and provision of various Community Action services.

Community Action provides a wide range of services which are unduplicated elsewhere in the county. Most of these services meet immediate, critical needs and all have a direct and positive impact on people's lives. The following services were provided by Community Action to eligible residents of Deerfield from July 1, 1989 through June 30, 1990:

70 households received Fuel Assistance.

1 household received a loan through NH Cares, a program which provided no-interest loans of up to \$200 for the purchase of fuel to low and moderate income households which are not eligible for the Fuel Assistance Program.

1 home was weatherized through the Weatherization Program, which provides home repairs and the repair or replacement of furnaces and heating units for income-eligible homeowners.

50 children were provided meals from private family day care homes which participate in the Rockingham Family Day Care Program.

3 child care referrals were arranged through the Child Care Resource and Referral Program.

2 children were enrolled in Head Start.

51 Women, infants and children received help through the WIC Program, which offers supplemental nutritious foods, nutrition education, breast feeding support and health care referrals to pregnant women, nursing mothers, infants and children up to the age of five.

94 food packages were provided through the Surplus Food Program.

1 household received Crisis Assistance.

1 child was enrolled in Camp Sebago.

During the past year, we received 183 calls or visits from Deerfield residents, many of which were crisis calls involving fuel or utility problems, the lack of food or clothing or general financial needs.

Since the services we provide greatly relieve the towns we serve of the full financial burden of providing for the needs of their low-income residents, we ask every community we serve to make a financial contribution to our agency based upon the level of service we have provided to its residents. The amount we request equals 4.5% of the total dollar value of services we provided during the previous fiscal year, which means that we request \$4.50 for every \$100.00 we provided in direct services.

From July 1, 1989 through June 30, 1990, Community Action provided \$82,728 in services to Deerfield residents.

DEERFIELD SCHOOL BOARD

DEERFIELD SCHOOL DISTRICT WARRANT

STATE OF NEW HAMPSHIRE

TO THE INHABITANTS OF THE SCHOOL DISTRICT IN THE TOWN OF DEERFIELD, QUALIFIED TO VOTE IN DISTRICT AFFAIRS:

You are hereby notified to meet at the Deerfield Community School in said District on the 23rd day of March, 1991 at 9 A.M. to act upon the following subjects:

1. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and to pass any vote relating thereto.

2. To see if the District will vote to authorize the School Board to accept gifts and donations from any source on behalf of the School District.

3. To see if the District will vote to authorize the School Board to accept and expend on behalf of the District a sum of money not to exceed \$14,190 to be obtained from the Federal Government or other sources that may make such funds available to the District, such funds to be used for the following areas:

Federal Nutrition Program \$9,000

Block Grant \$5,190

provided that the School District will not be thereby required to raise any money by local taxation in this or subsequent years as the result of such expenditures of \$14,190. (Budget Committee recommends approval.)

4. To see if the District will vote to authorize the School Board to apply for, accept, and expend, without further action by the School District Meeting, money from the state, federal, or other governmental units or a private source which becomes available during the 1991-92 school fiscal year, provided that such expenditure be made for purposes for which a School District may appropriate money and that such expenditure not require the expenditure of other School District funds. Further, that the School Board hold a public hearing prior to accepting and spending such money and have the approval of the Municipal Budget Committee.

5. By petition, to see if the School District will adopt the following article:

We, the undersigned voters in the Town of Deerfield, direct the Deerfield School Board to adhere to the "Minimum Standards for N.H. Elementary School Approval" (1987) N.H. Code of Administrative Rules Part Ed 308, adopted April 8, 1987, Section 308.02 (e) standard school year shall consist of a minimum of 180 school days for instruction.

6. To see if the District will vote to approve cost items as set forth in the latest collective bargaining agreement with the Deerfield Education Association for the 1991-92 fiscal year only, said items reducing the cost items for salaries and benefits for teachers by \$10,449.

7. To see if the School District will vote to raise and appropriate the sum of \$939,943.00 to provide for high school tuition costs of Deerfield students. (Budget Committee recommends approval)

8. To see if the School District will vote to raise and appropriate the sum of \$5,000 as a deficit appropriation for underbudgeted high school tuition for the 1990-91 fiscal year, to be paid to the School District prior to June 30, 1991. (Budget Committee recommends approval.)

9. To see if the School District will vote to raise and appropriate the sum of \$3,900 for the purpose of instituting bus transportation to Coe-Brown Northwood Academy for Deerfield High School students. (Budget Committee recommends approval) (Any such appropriation shall be offset by revenue from private sources.)

10. To see if the School District will vote to raise and appropriate the sum of \$4,510 for the purpose of site maintenance at the Deerfield Community School, to include: cleaning retention areas, purchasing lawn mower, and purchasing lime and fertilizer. These are the essentials to maintain the retention areas and the work already completed on the playground and several slopes. It is the first priority of the DCS Site Committee. (Budget Committee recommends \$3,310)

11. To see if the School District will vote to raise and appropriate the sum of \$9,312 for the purpose of base coat paving the road to the loading dock, the bus parking area, and the handicapped parking areas at the Deerfield Community School. In addition to the advantages of pavement, completing this portion of the paving will allow the Site Committee to progress farther with landscaping work next year. This is the fourth priority of the DCS Site Committee. (Budget Committee does not recommend approval)

12. To see if the School District will vote to raise and appropriate the sum of \$6,700 for the purpose of completing the playground at the Deerfield Community School, to include: clean up and grading, paving an outdoor court, safety-fencing the perimeter, and purchase pea stone, sand-box sand, and parts to repair equipment. This would make the playground safe for use, and provide an all-weather area for outdoor play when the sod would be damaged. It is the second priority of the Deerfield Community Site Committee. (Budget Committee recommends \$3,700)

13. To see if the School District will vote to raise and appropriate the sum of \$23,985 for the purpose of constructing an athletic field at the Deerfield Community School, to include: subgrading; purchasing, screening, and spreading loam; raking, liming, fertilizing, and seeding the athletic field and grading and seeding bankings. This would make the surface of the athletic field ready for use in the spring of 1993. Most of the work to provide for outdoor athletics at the school has already been done. After this, only items such as back stops and annual fertilizing will be required. The Bicentennial Field is not sufficient for the requirements of school teams and the several town leagues. This is the third priority of the Deerfield Community School Site Committee. (Budget Committee does not recommend approval)

14. By petition, to see if the District will adopt the following article:

We the undersigned do hereby wish to convey our support for the Residents of the Town of Deerfield to consider leasing a seventh school bus. This consideration is to be brought before the Town at the March 1991 School District Meeting in the form of a Warrant Article with the associated cost of \$19,500. We feel that it is in the best interests of the Town of Deerfield and safety of its elementary students to have a sufficient number of

buses to transport them to and from school in a timely and efficient manner. This additional bus will also help alleviate some of the overcrowding conditions which currently exist plus the current need for a second bus run.

To see if the District will vote to raise and appropriate the sum of \$19,500 for the purpose of leasing a seventh school bus. (Budget Committee does not recommend approval.)

15. To see what sum of money the District will raise and appropriate for the support of schools, for the payment of salaries and benefits for school district officials and agents and for the payment of statutory obligations of the District.

16. To see if the School District will vote to authorize creation of a cooperative school district planning committee consisting of 3 qualified voters, at least one of whom shall be a member of the school board, in accordance with R.S.A. 195:18. Members of the committee shall be appointed by the moderator. It shall be the duty of the committee to study the advisability of establishing a cooperative school district in accordance with the standards set forth in R.S.A. 195:2.

17. By petition, to see if the School District will adopt the following article:

We the undersigned direct the Deerfield School Board to hold the School District meeting the Saturday following the business portion of town meeting. This vote remains in effect until a future school district meeting votes a different date.

18. By petition, to see if the School District will adopt the following article:

We, the undersigned, petition the Deerfield School Board to request by legal advertisement, BIDS for any job, work, buys of equipment or supplies for any amount over \$500.

19. To choose Agents and committees in relation to any subjects embraced in the District.

20. To transact any other business that may legally come before said meeting.

Given under our hands at said Deerfield this 22nd day of February 1991.

DEERFIELD SCHOOL DISTRICT MEETING
March 24, 1990

The 1990 School District Meeting for Deerfield, New Hampshire, was called to order by outgoing District Moderator, Jonathan W. Hutchinson, in the multi-purpose room of the New Deerfield Community School at 9:15 A.M. on Saturday, March 24, 1990, with approximately 375 registered voters in attendance.

Mr. Hutchinson introduced the platform as follows. Deerfield School Board. Judith Bush, Thomas Foulkes and George Humphrey; SAU #53 Superintendent of Schools, Paul DeMinico, and Assistant Superintendent of Schools, for business matters, Tom Haley. Deerfield Community School Principal, Peter Sweet, and SAU #53 legal counsel, Gordon Graham. Assistant District Moderator, James D'Alessio, District Clerk, David Baker, and Deputy District Clerk, Anne Crown.

The results of the March 13, 1990 election were read and the Moderator turned the gavel over to Mr. D'Alessio, Moderator-elect for the duration of the meeting. The meeting saluted the flag.

The speaker system was tested, the rules of order, Robert's as modified, were announced, and the rules of deportment and courtesy were announced.

A discussion began over the desire of the meeting to allow non-voting taxpayers to speak to the meeting. It was moved, seconded and voted that non-voting taxpayers be allowed to speak.

Mr. D'Alessio gave some background on the School District meeting in process and it's importance to the town and children.

State Senator Bill Johnson was introduced to the meeting and presented a joint legislative commendation to Mrs. Judith Bush who was retiring from the School Board after 14 years of dedicated service.

David Mitchell complained about both public microphones being at the front of the hall. Mr. D'Alessio asked Mark Tibbetts to move one stand to the back of the room. This was done.

Judith Bush made two presentations for the School Board. The first to Dwight Barnes and the second to Maureen Price for their efforts and dedication as citizens involved with the school. Each received an engraved plaque in appreciation.

The meeting took up the Warrant.

ARTICLE 1. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and to pass any vote relating thereto.

Paula McCoy made the first report of the committee, established by the School Board at the 1989 annual meeting, to study the impact of increasing property taxes on the elderly in Deerfield. There was discussion of the types of impact discovered and suggestions were offered from the floor. The consensus of the meeting was that more study of the issues was needed and that a report to the School Board with specific suggestions before the 1991 annual meeting would be in order.

Judith Bush gave the report of the Audit Committee and explained the discrepancies in the audited figures for 1989-1990 relative to the \$90,000 returned to the general fund in the prior school year. Harriet Cady questioned the handling of this item and was responded to by Tom Foulkes who clarified the issues involving the building account, interest on investments, errors by the SAU Business Administrator and extra costs associated with the portable classrooms. Harriet Cady expressed concern about her ability to understand the figures.

The meeting was about to take up Article II when Jonathan Hutchinson stated his feelings about making the report of the George B. White Disposition Committee just prior to taking up the articles associated with same. The Moderator, Mr. D'Alessio, stated that he had no objection to reserving time for Mr. Hutchinson prior to the discussion of Article VII. Win Hutchinson then rose and made a motion to suspend the rules and take up Article VIII out of order. This was seconded by Cheryl Chartier. The Moderator decided to clarify the voting procedure. He stated that on those issues to be decided by majority vote, all blue voting cards would have to be held up. And if the results were not clear, the cards would be counted. The outcome of each vote would then be announced.

Jack Hutchinson then spoke for the George B. White Disposition Committee and outlined the complicated nature of the articles relating to the George B. White issue. He reminded the voters that there were several related articles on this issue and that they each created a different result as follows:

Article 7 - To transfer the property to the town.

Article 8 - To authorize the school owner to sell the property.

Article 9 - To withdraw amounts from the capital reserve account.

Article 10 - To fund maintenance at George B. White if property retained.

Article 11 - To fund maintenance of the property.

Article 19 - To retain the property for school use.

The Moderator called for the vote to suspend the rules and take up Article VIII out of order. This motion passed on a counted vote, 289 for to 118 against.

The Moderator read Article VIII. Win Hutchinson made a motion to amend Article VIII to eliminate the words "such terms and conditions as the School Board shall determine are in the best interest of the school district." And insert the following: (1) Make a general advertisement of request for proposal to include: (a) Amount offered. (b) Plan uses. (c) Planning Board, Zoning Board of Adjustment preliminary opinions; (2) To publicly hear proposals; (3) Obtain a purchase and sales agreement; and (4) All proceeds shall be deposited into Certificates of Deposits to be disbursed by the 1991 School District meeting. The Moderator asked for a legal opinion on the amendment and was informed that if the District voted to sell George B. White at this meeting and if the property was sold before another meeting, the 1990 meeting could not bind the 1991 meeting and the School District would retain the funds until the next meeting. Much discussion ensued with participation by Debbie Clark, Rick Granger, Jack Hutchinson and Harriet Cady concerning the disposition of any potential sales proceeds. The question was then moved, seconded and voted. They have it.

The meeting moved on to the Article as amended. Debbie Clark made a motion to table Article VIII for the purpose of taking it on at a later time. The motion was seconded. The consequences of tabling Article VIII were explained. More discussion was had. This motion passed on the counted vote, 171 for to 153 against.

A motion was made to suspend the rules written up in Article VII. The motion was seconded. The ays have it.

The Moderator read Article VII.

ARTICLE VII. To see if the School District will vote to authorize the School Board to convey the George B. White School and the land on the east and west sides of Route 107 (Tax Map 7, Lot 129 and Tax Map 7, Lot 151-B) to the Town of Deerfield.

Judith Bush made a motion to accept the question as written. The motion was seconded. Much discussion ensued by Bob Ashforth, Joe Stone, Win Hutchinson, Dick Boisvert, Kerry Woods, George Humphrey and John Pfeiffer. Charlotte Buffington moved the question. It was seconded. The motion was carried.

The meeting was turned over to Mr. Jack Hutchinson, Chairman of the George B. White Disposition Committee to go over what the consequences are of adopting or not adopting Article VII. The question is on the transfer of the property to the town. This motion passed on a counted vote, 252 for to 104 against.

Mr. Mitchell asked for a revote. The Moderator viewed the request for reconsideration out of order. Discussion was had. Mr. Woods made a motion to appeal the decision by the Moderator. The motion was seconded. The Moderator explained why the request for reconsideration was considered out of order. The question is that the decision of the Chair stand as the judgment of the assembly. The audience expressed that they were confused. Much discussion ensued by Jack Hutchinson, Joe Stone and David Mitchell. This motion passed on a counted vote, 181 for to 140 against. (Recess)

The ballot clerks were sworn in.

The Moderator read Article II.

ARTICLE II. To see if the District will vote to authorize the School Board to accept gifts and donations from any source on behalf of the School District.

Judith Bush made a motion to accept the Article as read. Irene Shores seconded. No discussion was had. The ays have it. Article II is adopted.

The Moderator read Article III.

ARTICLE III. To see if the District will vote to authorize the School Board to accept and expend on behalf of the District a sum of money not to exceed \$12,500 to be obtained from the Federal Government or other sources that may make such funds available to the District; such funds to be used for the following areas:

Federal Nutrition Program	\$9,000
Block Grant	\$3,500

provided that the School District will not be thereby required to raise any money by local taxation in this or subsequent years as the result of such expenditure of \$12,500.

Judith Bush made a motion to accept the Article as read. Gordon Wentzell seconded. No discussion was had. The ays have it. Article III is adopted.

The Moderator read Article IV.

ARTICLE IV. To see if the District will vote to authorize the School Board to apply for, accept, and expend, without further action by the School District Meeting, money from the state, including N>H> Sweepstakes Surplus, federal, or other governmental unit or a private source which becomes available during the 1990-91 school fiscal year, provided that such expenditure be made for purposes for which a School District may appropriate money and that such expenditure not require the expenditure of other School District funds. Further, that the School Board hold a public hear-

ing prior to accepting and spending such money and have the approve of the Municipal Budget Committee.

Judith Bush made a motion to accept the Article as read. The motion was seconded. Discussion was had. The ays have it. Article IV is adopted.

The Moderator read Article V.

ARTICLE V. To see if the School District will vote to authorize the Treasurer, with the approval of the School Board, to appoint a Deputy Treasurer. Said Deputy shall be sworn, shall have the powers of the Treasurer, and may be removed at the pleasure of the Treasurer.

Judith Bush made a motion to accept the Article as read. Irene Shores seconded. Much discussion ensued with participation by Kerry Woods, Tom Foulkes and legal counsel, Gordon Graham. The ays have it. Article V is adopted.

The Moderator read Article VI.

ARTICLE VI. To see if the School District will approve the establishment of an Advisory Planning Committee to study both the advisability of establishing a cooperative high school district with other districts in accordance with R.S.A. 195:18 and the advisability of creating some other long-term, exclusive, arrangement with another district for educating Deerfield's high school students.

Judith Bush made a motion to accept the Article as read. Chris Hatfield seconded. Much discussion ensued with participation by Tom Foulkes, Bill Sanborn, Mr. Granger. The ays have it. Article VI is adopted.

The Moderator read Article IX.

ARTICLE IX. To see if the School District will vote to discontinue the capital reserve fund first established at the March, 1985 annual school district meeting for re-roofing of the George B. White School, said fund with all interest to date to be transferred to the School District's general fund. (2/3 vote needed)

Judith Bush made a motion to accept the Article as read. The motion was seconded. Much discussion ensued with participation by George Humphrey, Win Hutchinson, legal counsel, Gordon Graham, Joe Stone, David Baker. The School Board was asked to speak on the issue and did so. More discussion was had. Mr. Humphrey explained the purpose of the Article IX. More discussion ensued with participation by David Mitchell, Bob Ashforth, Dick Boisvert and George Humphrey. Jim Alexander had a question for Mr. Graham, legal counsel, and Mr. Graham answered the question to his ability. More discussion ensued with participation by Phil Bilodeau and Harriet Cady. To the School Board
Deerfield School District
Deerfield, New Hampshire 03037

Members of the Board:

We have audited the accompanying general purpose financial statements of the Deerfield, N.H. School District as of June 30, 1990, and for the year then ended. These general purpose financial statements are the responsibility of the Deerfield, N.H. School District. Our responsibility is to express an opinion on these general purpose financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the general purpose financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the general purpose financial statement. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall general purpose financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As more fully described in Note 1, the general purpose financial statements referred to above do not include the financial statements of the General Fixed Asset Account Group which should be included to conform with generally accepted accounting principles. The amount that should be included in the General Fixed Asset Account Group is not known.

In our opinion, except for the effect on the financial statements of the omission described in paragraph three, the general purpose financial statements referred to above present fairly, in all material respects, the financial position of the Deerfield, N.H. School District as of June 30, 1990, and the results of its operations for the year then ended in conformity with generally accepted accounting principles.

Our audit was made for the purpose of forming an opinion on the general purpose financial statements taken as a whole. The combining financial statements listed as schedules in the table of contents are presented for purposes of additional analysis and are not a required part of the general purpose financial statements of the Deerfield, N.H. School District. Such information has been subjected to the auditing procedures applied in the audit of the general purpose financial statements and, in our opinion, is fairly presented in all material respects in relation to the general purpose financial statements taken as a whole.

Very truly yours,
Vachon, Clukey & Co., PC

SCHOOL NURSE SUMMARY 1989-90

SAFETY: The most significant trauma referrals this year were to two incidents that occurred at GBW - the auto accident and the bus accident. Hopefully, our move to the new school and new loading, unloading regulations will provide a much safer transporting environment.

Considering the "playground" we had from January to June, students and staff should be commended for the low incidents of recess accidents. As we continue to use our beautiful setting for discovery and play, it will be particularly important to consider the safety issues involved.

Primary level (gr. 1-3) safety instruction was begun, with a focus on first aid concepts and personal safety. The American Red Cross "BAT" (Basic Aid Training) course will be taught next year in the fourth grades.

Steve Archilles of the Deerfield Rescue Squad certified 10 members of the DCS staff in CPR, with representation from key areas - bus drivers, kitchen, shop, office, and teaching. This greatly improves our emergency response capabilities at the school.

MINOR ILLNESSES: Of the 869 minor illness visits to the health office, the majority of these were for headaches and stomach aches. Upon questioning these students, approximately 1/4 to 1/3 of them came to school without breakfast. That means we have a large number of children in our classrooms in the morning who haven't had anything to eat for 12 hours or more. These same children are the ones who are filling up at the snack store at 10:00 A.M. and then not eating their lunch.

To quote from our school philosophy: "We will offer each child the tools with which to live a healthy life, encouraging health as a value in itself and as an important element for social and intellectual functioning." I strongly support a breakfast program at DCS.

COMMUNICABLE DISEASE: Chicken pox and head lice were down, but strep throat was way up. In part, I feel this reflected the widespread strep in the area at the time. However, it also points out the need for health teaching re: basic prevention; i.e. hand washing, proper hygiene in regard to upper respiratory infections, sharing food, etc.

WELLNESS: The Walk-Across-America was completed, one way. Next year we come back! Two more members of the DCS staff attended the Wellness Conference in June, bringing us to a total of six "well" staff.

A lot of work remains to be done at DCS re: wellness teaching. Ideally, a comprehensive health education curriculum should be in place for grades 1-8, and realistically, it should be taught by a health educator just like any other subject, and not added to the classroom teachers' ever-expanding material to be covered.

SCHOOL BOARD REPORT

The budget and the building have been the dominating issues over the past year. The Goal of the Board has continued to be the delivery of quality education at below state average cost. Even at that, the cost is still too high for many. As long as we tax people on what they own, rather than giving any consideration for what they earn, this will make the first part of the goal become more difficult to achieve each passing year.

On behalf of the Board I thank all those volunteers who made the arrival of the 9th Battalion possible. The project was a great success. As a result of the Battalion's work the site committee and particularly Don Tordoff have developed and began the implementation of a complete site plan. Thanks to the generous citizens who donated money to buy needed materials for the site, as well as to the local contractors who volunteered their time and equipment to complete necessary work.

Negotiations worked on two fronts. One with the teachers, the results you will be voting on at the District meeting; the other with the builder of the school which has ended in arbitration. Both our Principal and certified staff recognize the reality of our economic situation, both have made significant financial concessions. They remain steadfast in providing an innovative and exciting educational environment for our children.

I write this, my last report with mixed emotions: Relief that the responsibilities now pass to a new board with new energy and new ideas, but in the same breath I will feel a loss at no longer being associated with the best group of people I can ever imagine of having the opportunity to work with.

To the people of Deerfield: You have a great school, it is your support over the years that has evolved it to be the best school in the area. If you want to keep it that way you will have to work harder than ever or the years of achievement will quickly be lost.

Tom Foulkes
Chairman

PRINCIPAL'S REPORT

We were very fortunate to have Enid Kelly, who was an intern in Deerfield last year, join the faculty as a fourth grade teacher. Also, Laurie Morin has joined the special education staff. She has her master's degree in special education and is also certified for LD (Learning Disabilities) and EH (Emotionally Handicapped), elementary education and general special education. Her work experience includes work as a special ed. director, reading teacher, guidance counselor and a teacher of EH students.

Deerfield was recognized as a winner of two state-wide community/school and business/school partnership awards. These awards are sponsored by the Office of the Governor, the NH Department of Education, and the NH Partners in Education/NH Community Education Center. The Transition Team, led by Dwight Barnes (GBW/DCS move last February), and the Playground Site Project with the Army engineers last summer, led by Joe Stone and Fred Dodge are both winners. Congratulations to the hundreds of volunteers who made these two projects successful, and thanks to Sue Sherburne and Laura Guinan for their work on the application.

Anyone who hasn't been inside the Community School this year should take a look in the lobby. The formerly bland lobby has been transformed through the efforts of PAC members Brenda Eaves, Debbie Kelley, Amy Marquis, Karen Mason, Judy Muller and Mary Spindel. The wall is covered with bright, attractive bulletin boards. There are pictures of our school children at work, photos of staff members, both now and as school children, and a large Community Calendar. There is also a Parent Resource Center bookcase with books and articles which can be borrowed. Another bulletin board is planned for news clippings of interest.

Deerfield is now in its second year as a cluster site for the UNH Education Department and was selected because of its past successes with internships. This year we have seven interns on staff, along with Ellen Corcoran, the intern supervisor. The interns work within specific classrooms under the guidance and tutelage of cooperating teachers, and each intern is responsible for planning and teaching lessons in his or her interest area. The interns put in a vigorous year, as they are also required to participate in weekly seminars and, in addition, may be taking another class in Durham. When they finish in June, they will have earned credits toward a master's degree in their own field of education. According to Ellen, "It's important for beginning teachers to have their first teaching experience in a school where there is a strong commitment to helping all students reach their potentials: where there is an open and cooperative relationship with parents and the community; and where there is excitement and curiosity about new ideas. To me Deerfield is that kind of school. I'm very pleased that we can learn from and contribute to the many wonderful things that are happening." Ellen Corcoran has been on the faculty of the UNH Department of Education since 1972 and spends a good part of her week here at DCS meeting with the cooperating teachers and observing and working with the interns. Ellen studied at Bryn Mawr College and received her M.A.T. and Ph.D. Degrees from New York University.

The National Council of Teachers of English selected the Deerfield Community School as a Center of Excellence for Students At Risk. DCS was one of only 86 schools across the nation that NCTE chose to commend for their "excellent language arts programs for students at risk of failing or dropping out, and students who are not effectively served in traditional teaching programs." Although the award specifies the benefits to the at risk population, it is recognized that the nature of the DCS program benefits every student in the school because of its emphasis on the individual. Nearly four hundred schools, ranging from elementary to high school, applied for the 1990-91 program. The NCTE search committee then chose candidates to be visited by validators, who observed their programs in action. Schools in each of the 50 states and the District of Columbia were designated as Centers of Excellence. The Deerfield Community School was chosen a Center of Excellence because of its participation in Dr. Denny Taylor's Biographic Literacy Profiles Project, an alternative literacy assessment project, launched by the State Department of Education, that is entering its third year. DCS teachers who were participants in the project during its first two years are: Laurie Barr, Mary Benton, Lori Bresnahan, Debbie Boisvert, Brenda Eaves, Kathy Matthews, Patty Nicols, Nancy Shute and Bruce Turnquist. Joining them this year are teachers Mary County, Judy King, Maria Knee and Jane Miller.

A four-day week study committee was formulated this past summer for the purpose of studying all aspects of the four-day week. You will get a perspective from all involved with the Deerfield School District through the various surveys and comments. Surveys were solicited from school children (at all levels), parents, teachers and community members.

Once the information was gathered and tabulated, it was presented to the school board. After reviewing the data from the four-day week study committee, the school board held a public hearing on November 7th for further input. A compilation of data and correspondence was published in the Communicator and distributed to all residents. Action was taken by the school board to go forth with an application for continuing the four-day week in Deerfield. As of this date, we are still awaiting a decision from the Commissioner of Education. Members of the four-day week study committee are: Mary Spindel, Linda Connell, Ann Cunliffe, Debbie Boisvert, Jackie Whatmough, Joan Bilodeau, Sue Harbour, Suzie Sherburne, Rick Granger, Chris Hatfield, Amy Marquis, Audrey Barnes, Nancy Shute, Kathy Shigo, Matt Ferguson, Faith Barry, Linda Perry, Trudi Googins, Maureen Wasson, Jean Chouinard, Peter Sweet and Mary Mahoney.

I would like to take this opportunity to thank Tom Foulkes for the time and effort he has put in as a member of the Deerfield School Board. Tom will be leaving the board next month after many years of service. When I speak of Tom I think of a quiet, very compassionate man. He does his work in a way that draws no attention to himself. Tom was the driving force behind the construction of the Deerfield Community School. On behalf of the students, staff, parents and citizens, I thank Tom for the endless hours of work he did to provide a quality education for the children of Deerfield.

At its January 21st meeting, FOCUS honored Maureen Price for her five years of service to the school and community. Maureen and her family will be leaving Deerfield next month. I want to publicly thank her for all the time and energy she has put into the many school/community projects she has involved herself in. She will be sorely missed!

I would like to end my report by thanking the SAU#53 staff for all their help. Special thanks go to Tom Haley for all the time he has spent on Deerfield projects this past year. All of the successes of the Deerfield Community School belong to the high caliber of our teachers; truly dedicated school board members; George Humphrey, Tom Foulkes and Jack Hutchinson; a very competent support staff led by Meg Finan, Bill Fowler, Jan Szelest and Steve Barnes; and the untiring efforts of our school/community coordinator, Suzie Sherburne.

With all the present unrest due to the Persian Gulf Crisis and the state of the economy, we are all trying to remain strong as a community and to support each other through these very difficult times. To all the citizens of Deerfield; thank you for your support!!

REPORT OF THE SUPERINTENDENT OF SCHOOLS

The past year has proven an especially eventful one for those of us associated with the Deerfield School District. It seems that an unusual number of noteworthy issues has provided rewarding and exciting experiences as well as challenging problems calling for our most cooperative efforts and energies as a school community.

By all accounts the school district's bench mark event for 1990 was the opening of the Deerfield Community School. This new facility has doubled the amount of educational space available to elementary students and has provided them substantially improved environments in which to receive music, art, special and physical education and library/media instruction. In spite of some ongoing concerns in bringing construction to a satisfactory conclusion, I am confident that the new Community School will serve the educational needs of Deerfield's students and the governmental and recreational needs of its adult citizens for many years to come. Its construction is a testimony to the time and effort expended by many individuals and the caring and support of the entire town.

The school project served also to highlight community spirit and cohesiveness through two important related activities; the highly successful effort to transfer the contents of the George B. White building to the new facility and site construction of the new playground by the A Company of the 30th Engineering Battalion. Both efforts and their very positive results demonstrated community-wide cooperation at its best. The awarding of dual Community Partnership Awards in recognition of these activities certainly attests to a very unique spirit. It also reflects upon the many other impressive and important volunteer efforts which add so much to a school's program and the experiences students are able to enjoy. The substantial assistance our volunteers provide is invaluable.

The adoption some ten years ago of a four-day school week schedule for students also points up the unique nature of the Deerfield District. Throughout this period, the alternative pattern has undergone close scrutiny and regular review by other schools, the State, private consultants and the New England Association of Schools and Colleges. During the last half of 1990, a twenty-two member citizens' committee undertook a comprehensive review of the practice which the charge of providing appropriate data upon which to base a decision on whether or not to continue it. Following a lengthy review of the committee's findings, a public forum, and several polls on the issue the School Board determined that it would seek state support for offering the four-day week on a continuing basis without further pre-scheduled reviews. At this writing, Commissioner of Education Charles Marston is weighing the matter. His decision is expected prior to your annual school district meeting.

Other advisory committees have counseled the School Board on matters including completion of site work at the new school, the investigation of future options for educating Deerfield's high school students, and the District's relationship with S.A.U. #53 and receipt of central office services. Each group has provided the Board with research, insights and advice to help guide future direction and decisions.

For some time, the Deerfield School District has employed multi-year and yearly curriculum plans to forecast and focus programmatic efforts. This approach ensures regular attention to the curricular program and allows opportunity to review and expand instructional effectiveness within the parameters of available resources.

During the past year, curriculum efforts have resulted in the implementation of revisions in word study skills (spelling) employing a research based approach and work in the area of mathematics focused on comparing and applying the standards of the National Council of Teachers of Mathematics to the present curriculum. Teachers have also continued to revise and improve the manner in which students are assessed and to undergo extensive training in alternative assessment research and strategies. A structured curriculum process is meaningful in that it revitalizes and improves subject knowledge and methodology, provides additional opportunities to work cooperatively as a professional staff, and most importantly reaffirms or reveals students' curricular needs.

The Deerfield district continues to receive federal Chapter I funds to support its tutorial programs in reading and math. The current allocation of \$41,603 funds two certified tutors as well as instructional and assessment materials. During the 1989-90 school year, thirty students received tutorial services in reading and twelve received services in math. Deerfield participated in the Chapter I program review conducted by the New Hampshire Department of Education and was commended as a well managed, well staffed program with excellent space provided for tutorial services.

Deerfield Community School's special educators continue to solve the challenges of integration while meeting the individual needs of each student. Regular and special education teachers and district administrators work together to create a variety of options for student services which include classroom modifications, in class support, and resource room services, among others. Special educators have made use of various state and local resources to support their efforts. The New Hampshire Services for the Sensory Impaired, Educational Innovations, and the New Hampshire Department of Education are just a few of the agencies that they have collaborated with as they continue to meet the educational needs of all children as required by federal and state law.

I would be remiss if I did not call to your attention the tremendous efforts, energies and time commitment expended on behalf of the District by your School Board, principal, faculty and staff. Of special note is the dedicated and exemplary tenure of Tom Foulkes, who is retiring from Board membership after ten years of service to the community and its young people.

With difficult economic times and a number of complicated and demanding issues facing the Board and administrators during the past year, those managing district affairs have faced some unusually challenging circumstances. Your continued support for our task and the school's programs as well as your interest in the welfare and success of the students of Deerfield is vitally important and greatly appreciated.
